>>275262606
Trump will use the Insurrection Act to lower black unemployment numbers and bring black children back to school. Prove me wrong. They've used the insurrection act for photo op's, but Trump's worried about the poll numbers? It's not going to take long before all support gained by these events, turns on him because of his lack of inaction while the iron was hot.

Personally, I wouldn't be surprised to find that those who called are not the autists, but, in fact, something subversively positioned to cause us trouble.
Those who figured it out being seen as enemies of 'the narrative'.
Shutting down easy-to-discover truths being key.
>one rotten apple can spoil the entire barrel.
Jus' sayin'
